

HA25 - Semi automatic core cutter

Cut your cores in an efficiently and relaxed way

Material: sheet steel, painted (RAL 7035)

Cutting: automatic

Core inner Ø: 25.4 mm - 152.4 mm

Bedienung: HMI touch screen

Steuerung: Siemens S7 / Rockwell - Allen Bradley

Optional: foot control, multi-cut, and many more

Electr. connection: 400 V / 50 Hz / 3 phases

Power supply: 16 A / phase

Efficiency: motor IE3 - class

Pneumatic supply: 5.5 bar

Machine	Length	Depth x Height
HA25 - 1500	2,500 mm	1,000 mm x 1,300 mm
HA25 - 2000	3,250 mm	1,000 mm x 1,300 mm

(All dimensions are rough measurements of the standard machines.)

Features:

- parent cores with a length of up to 2,000 mm
- automatic measuring of the parent core length
- free-running circular knife
- variable cutting speed
- wall thickness up to 11 mm (plastic) / 20 mm (cardboard)
- mechanical expanding chuck
- exceptionally clean and low-dust cut with minimal cutting burr
- high cutting accuracy +- 0.2 mm
- quick and easy changing to other core diameters
- CE marking according to the latest health and safety standards
- operator and maintenance friendly
